

## EVACUATION OF CAMP MEADE ABOUT TO BEGIN

Seventy-Ninth Artillery Receives  
Orders to Proceed to  
Fort Myer.

CAMP MEADE, Md., Sept. 1.—The Seventy-ninth Field Artillery will be the first unit to leave Camp Meade in carrying out the War Department's orders to abandon the cantonment partially. It was announced at the headquarters of the Third Corps Area at Fort Howard yesterday. This unit, which has been transferred to Fort Myer, Va., will begin its trip there within the next few days, it was said.

The Second Battalion of the Nineteenth Field Artillery, which has been instructing National Guard troops at Tobyhanna, Pa., for the last two months, is marching to Fort Myer and will arrive in Baltimore today. Camp Meade will be reached tomorrow and after remaining there for a day or two it will be transferred to the second battalion, Third Field Artillery, and about 115 horses and continue its march.

**On Inactive List.**  
Upon its departure from Camp Meade the Seventy-ninth Field Artillery will become inactive and the 250 enlisted men will be transferred to the second battalion, Third Field Artillery.

The second movement will be the transfer of two companies of the Thirty-fourth Infantry to Fort Howard. After this has been completed one battalion of the Sixty-fourth Infantry will be marched to Fort Washington, Md.

It is uncertain when the other units will leave the cantonment. Before any of the other organizations can start for their new stations estimates must be sent to the War Department of the cost of moving the various units. While the men will march to their new stations, other expenses must be met, such as rent of camp sites, purchase of rations on the march and medical attention when men are left behind.

Orders for the partial abandonment of Camp Meade were completed yesterday and were sent out this morning. As far as practicable, it was stated in the orders, all troops destined for the same station or for stations that are close together will march in one body. The medical department will furnish the necessary medical supplies and attendants.

**To Maintain Improvements.**  
The camp, except Franklin Cantonment, will be vacated as early as possible. Storehouses, land roads, walks, tracks and underground improvements will be retained, the order states, and the remainder disposed of under direction of the quartermaster general. Before any organizations leave, all supplies that are not to accompany them will be properly segregated, turned in to the proper officer and stored.

Until the portion of the camp to be vacated is turned over by the corps area commander to the quartermaster general, the commanding officer of Camp Meade will be charged with responsibility for guard and fire protection. The orders authorize him to use the Twelfth Infantry and the First Tank Group, the only units that will be kept at the camp, for this purpose.

## COLORADO GOVERNOR WILL WAR ON FREIGHT RATES

DENVER, Col., Sept. 1.—Oliver H. Shoup, governor of Colorado, directed letters today to the governors of sixteen Western States asking them to join with Colorado in efforts to bring about a reduction of railroad rates.

Late this week, Governor Shoup also announced that the transportation committee of Colorado named last March to attempt to bring down the cost of living by a reduction of railroad rates will file a complaint with the Interstate Commerce Commission asking the commission to rescind its order of August 28, 1920, which granted the railroads an increase in rates.

The petition also asks that the commission, besides re-establishing the rates in effect prior to August 26, 1920, compel the railroads in case they wish an increase in rates hereafter to show that they are "bonafide and efficiently managed."

The governor was asked by the governors of the following States to join with Colorado in the petition: Washington, Oregon, California, Nevada, Idaho, Montana, Utah, Arizona, Texas, Oklahoma, New Mexico, Wyoming, North Dakota, South Dakota, Nebraska and Kansas.

## LOEW'S PALACE— "The Great Moment"

Gloria Swanson, who is now enjoying an engagement of unprecedented popularity at Loew's Columbia Theater in her first great starring production, "The Great Moment," which is, incidentally, the first original screen drama by Elinor Glyn, noted author of "Three Weeks," will be seen at that playhouse on the balcony of the West in this great romance of three continents, in which she is supported by Milton Sills, Julia Faye and a notable cast. "The Great Moment" is easily one of the most gripping and sumptuous productions in which Miss Swanson has ever appeared and its two-week engagement at Loew's Columbia has been marked by capacity attendance at almost every performance.

Next week Loew's Columbia Theater will inaugurate the season of 1921-22 with the first Washington presentation of "The Golem," the fantastic and engrossing screen epic that has taken New York by storm and which is now in the eleventh week of its extraordinary Broadway engagement.

"The Golem" is a dramatic screen presentation of a legendary story of the ancient city of Prague which is not only without a parallel in photographic annals but is literally a Titan of the screen from the viewpoint of dramatic force and production magnitudes.

The regular forty-mile moonlight ride on the St. Johns continues to attract throngs, the big steamer sailing on Monday, Wednesday and Friday evenings at 7:15 p. m.
